

April 14, 2022

A joint letter to the Oakland County Commissioners and Executive:

Everyone should be able to get where they need to go. To ensure everyone in Oakland County can thrive, regardless of whether they drive, Oakland County needs to ensure affordable, sustainable transportation options countywide.

We urge you, our Oakland County leaders, to do everything within your power to expand transit and mobility services throughout the county and region. That includes placing transit funding on the countywide ballot in 2022 so the people can make the choice to invest in mobility options that work for everyone.

- Signed by 230 Oakland County residents and an additional 110 workers, visitors, and former County residents

A sampling of additional comments from signers:

"I am a disabled Wheelchair user and the lack of accessible public transit is a serious issue for me. I'd also note that the lack of cohesive regional transit has been a deterrent for attracting major employers like Amazon and other Marquis businesses and events to the region."

- Mark, Commerce Township

"I am in full support of a comprehensive public transit program throughout Oakland County!"

- Andrew, Bloomfield Hills

"Good for the economy. Save money so commuters don't have to buy a second car"

- Edward, Waterford

"Expand transit countywide in 2022, Making this an even more attractive area to live and work."

- Sylvia, Auburn Hills

"At 62 I can imagine a time when driving will be difficult for me. Why should I give up mobility and access to things like my church, the OPC, and shopping? Please work to expand seamless public transit for all citizens."

- Harper, Rochester

"I support Oakland County going all-in on public transit so that I can visit family in Lake Orion, go shopping in Novi, and take advantage of all that Oakland County has to offer."

- Hannah, Detroit

"Much more needs to be invested in public transportation to make it work. The system needs to be comprehensive and coordinated with other transit agencies. It also needs to serve major economic centers, educational institutions and hospitals."

- Christopher, Troy

"I have a disabled adult daughter who can't drive. She is reliant on the OPC bus for transportation, and they do not operate later than 4pm on weekdays and not at all on weekends. It is so limiting and she can't afford Uber on a regular basis. We NEED public transportation in the northern part of Oakland County."

- Maureen, Oakland Township

"Quality of life, environmental protection, economic development – including tourism and special events, and mobility justice are all essential to the well-being of the community. In the U.S. and all throughout the world, the best cities and regions provide mobility options: safe, walkable neighborhoods (15 Minute City) connected to great transit corridors, slow / green ways for walking and biking also connected to neighborhoods and transits."

- Ann, Royal Oak

"People with disabilities often have no choice but to rely on transit to get to the places they need to go. Not being able to drive or pay for costly transportation services shouldn't deprive them of their mobility and freedom of movement. Oakland County's patchwork public transit system keeps people imprisoned in their own homes. It's time for Oakland to go all-in for public transit."

- Kristen, who grew up in northern Oakland County

"I volunteer to deliver groceries to people that don't have transportation to food banks. Many, many people need reliable public transportation to live their lives. You need to keep and EXPAND public transportation in Oakland County!"

- Nicole, Rochester

"Keep and add additional public transit to Oakland County! Citizens deserve access to safe and quality public transport."

- Haley, Troy

"My 29 year old son is unable to drive due to his disability. He needs broader transportation available on weekends and evenings. Right now our son works five days a week and relies on OPC Bus to bring him home while his Mom and Dad work too."

- Elizabeth, Rochester

"I moved from Auburn Hills to Ann Arbor in 2012 because it took at least 30 minutes to get anywhere due to sprawl. I also experienced way too many near-miss car crashes. A reliable bus system in Oakland County would mean less traffic in the area, and less money spent on roads. Also a safer, more civilized, and relaxed way to travel!"

- Ryan, Ypsilanti

"I support Comprehensive public transportation as a public utility and necessity for a healthy economy. Access to the educational facilities in Auburn Hills and the rest of Oakland county must be maintained, as well as access to employment in the Tech Corridor and Great Lakes Crossing and other areas. These businesses and institutions remain viable when public transit serves the community"

- Shirley, Franklin

"My family and many of my friends live in Oakland county and wish to not have to drive a car for every trip. As my parents get older, their ability to drive becomes increasingly compromised. We need better transit."

- Ted, Detroit
